TongXiang Roller

Hebei TongXiang Conveyor Machinery Co.,Ltd.

Hebei TongXiang Conveyor Machinery Co.,Ltd. is a modern company,founded in 2004, manufacture conveyor rollers & accessories, including rollers, pulleys and roller frames, widely used in bulk material handling industries.

In addition,we can fabricate idlers rollers in OEM service. Also manufacture in different standards,such as JIS CEMA DIN SABS AS standard, etc.With more than ten years' experience and professional engineers,our products have exported

to many countries all over the world,especially USA, Canada, UK, Denmark, Greece, South America, Australia, Asia, South Africa and Middle East, and got good feedback and a long term cooperation relationship with them.

Together,we make it better. As the forefront of idler technology, design and construction, the primary objective of the company is to supply idlers, idler technology, pulleys and conveyor components as a front-line product.

TX Roller makes ordering easy with a simple number and letter system so you can easily jot down the idlers you need and relay them to our sales staff. This will eliminate confusion and ensure accuracy on your order. Simply follow the procedure to the left and you'll be on your way to place an accurate order.

TX Roller manufactures many different styles of CEMA B, C, D, and E idlers along with a full line of CB-504 style bearing idlers and rollers. We have been in the idler manufacturing business since 1974 and have modified our product offering to provide solutions for our customers. We appreciate feedback from the field on ways to improve our products and have made many changes based on this valued customer feedback.

1. CEMA Rating or Series-

Specify either CEMA B, C, D, or E.

2. Roller Size -

Specify either 4,5,6 or 7 for the corresponding roll size diameter.

3. Troughing Angle -

Specify either 20, 35, or 45 for the corresponding troughing angle.

4. Idler Type Letter -

Specify the idler identification letter for the particular idler you may need from the chart on the right.

5. Belt Width -

Specify the belt width.
